

# ALEJANDRO PARADA-MAYORGA

3401 Walnut, Philadelphia, PA, office 454C, USA  
University of Pennsylvania  
Department of Electrical and Systems Engineering

<https://alejandroparadamayorga.com/>  
Tel: (+1)3023339404  
alejopm@seas.upenn.edu

## RESEARCH INTERESTS

---

Geometric deep learning, algebraic neural networks, algebraic signal processing, applications of representation theory of algebras and category theory in machine learning, graph signal processing, graph neural networks, topological data analysis, topological signal processing and compressed sensing.

## EDUCATION

---

**Ph.D. in Electrical Engineering** July 2019  
University of Delaware Newark, DE, USA

**Master in Electrical Engineering** May 2012  
Industrial University of Santander Bucaramanga, Colombia

**Bachelor of Engineering** June 2009  
Industrial University of Santander Bucaramanga, Colombia

*Additional courses: Abstract(modern) Algebra, Real Analysis, Special functions and Complex Analysis, Set Theory, Mathematical Physics I (tensor analysis), Mathematical Physics II (PDE and special functions), Differential equations and dynamical systems.*

## HONORS AND AWARDS

---

- Professional Development Award. University of Delaware April 2019
- National Science Foundation NSF #1815992. \$ 300,000. “Blue-Noise Graph Sampling”, University of Delaware. I contributed substantially in the preparation of this proposal, under the supervision of Gonzalo R. Arce. June 1 2018 - May 31 2021
- Signal Processing and Communications Graduate Faculty Award. ECE department, University of Delaware May 2018
- UDRF Strategic Initiative Award. “Efficient Design of Uniqueness Sets for Bandlimited Signals on Networks University of Delaware. I assisted Gonzalo R. Arce in the preparation of this proposal. Feb 2018
- Dissertation Fellowship Award. University of Delaware June 2018
- Colciencias Scholarship 617  
Scholarship for Ph.D studies sponsored by the government of Colombia 2014
- Scholarship for Master Studies  
Department of Electrical Engineering, Industrial University of Santander, Colombia. 2009
- Outstanding Student. Industrial University of Santander, Colombia 2003

## APPOINTMENTS

---

- **Postdoctoral Researcher.** Department of Electrical and Computer Engineering  
August 2019- Present. **University of Pennsylvania.**

- **Visitor Scholar.** Department of Electrical and Computer Engineering  
February 2013- June 2013. **University of Delaware.**

## TEACHING EXPERIENCE

---

- **Teaching Assistant.** Department of Electrical and Computer Engineering, University of Delaware.
  - Computational Imaging Seminar (ELEG 667) Fall 2016
  - Foundations of Statistical Learning (ELEG 815) Fall 2016
  - Electronic Circuit Analysis II (ELEG312080) Fall 2017
  - Digital Imaging and Photography (ELEG404010) Spring 2018
- **Lecturer.** Department of Electrical Engineering, Industrial University of Santander.
  - Digital Image Processing 2012
  - Signal Processing 2011-2012
- **Teaching Assistant.** Department of Electrical Engineering, Industrial University of Santander.
  - Signals and Systems 2007-2008
  - Digital Signal Processing. 2008-2009

## RESEARCH EXPERIENCE BEFORE THE PH.D.

---

- **Industrial University of Santander** (Colombia), Department of Electrical Engineering
  - **Computational Electromagnetism** (June 2009). Mathematical modeling and simulation of heating in ferromagnetic materials induced by eddy currents: I provided the numerical and mathematical analysis of this problem in rectangular and cubic geometries using the Finite Elements Method (FEM) and developed code for simulation purposes. [[pdf](#)]
  - **Image Processing and Nonlinear Dimensionality Reduction** (December 2012). Dynamic tracking of facial expressions: I analyzed the problem of automatic tracking of facial expressions using image processing techniques, manifold analysis of data and nonlinear dimensionality reduction. [[pdf](#)]
- **University of Delaware** (USA), Department of Electrical Engineering
  - **Computational Imaging and Compressed Sensing** (Spring 2013): I provided the mathematical analysis necessary to state spectral resolution limits in CASSI systems and provided numerical and experimental results proving the hypothesis stated. [[pdf](#)]

## PUBLICATIONS

---

### Preprints

1. **A. Parada-Mayorga**, H. Riess, A. Ribeiro and R. Ghrist, "Quiver Signal Processing (QSP)", (submitted to Icassp 2021). [[pdf](#)]
2. **A. Parada-Mayorga** and A. Ribeiro, "Algebraic Neural Networks: Stability to Deformations", (submitted to IEEE Transactions on Signal Processing). [[pdf](#)]

### Journal papers

1. D.L. Lau, G. R. Arce, **A. Parada-Mayorga**, D. Dapena, K. Pena-Pena, "Blue-Noise Sampling of Graph and Multigraph Signals", Special Issue of the IEEE Signal Processing Magazine On Graph Signal Processing: Foundations and Emerging Directions, 2020. [[pdf](#)]

### **Master Thesis**

- Dynamic Tracking of Facial Expressions using Digital Image Processing. Industrial University of Santander, 2012. [[pdf](#)]

### **Bsc. Thesis**

- Analysis of the Thermal Distribution in Iron by Eddy currents, using the Finite Element Method. Industrial University of Santander, 2009. [[pdf](#)]

## **PROFESSIONAL SERVICE**

---

### **Reviewer for the following Journals**

- IEEE transactions on Image Processing January 2018-Present
- IEEE transactions on Computational Imaging January 2018-Present
- IEEE transactions on Signal Processing January 2019-present
- IEEE transactions of Signal and Information Processing over Networks January 2020-present

### **Reviewer for the following conferences**

- 13th International conference on sampling theory and applications Bordeaux, France. 2019
- 26th European Signal Processing Conference EUSIPCO 2018 Rome, Italy. 2018

## **LANGUAGES**

---

- English: Full professional proficiency.
- Spanish: Native or bilingual proficiency.
